

Appln. No. 10/031,992

Attorney Docket No. T2147-907643

REMARKS

Applicants respectfully request reconsideration of this application, as amended.

Applicants would like to thank Examiner Hillery for the courtesies extended to Applicants' representative, Mr. Jason Vick, during the August 3 Personal Interview. During the Personal Interview the independent claims were discussed and contrasted with the Compuserve reference. Examiner Hillery indicated that the Compuserve reference could be overcome by "translating part of the document to be displayed versus translating the entire document including the formatting codes or information."

By this amendment, the independent claims have generally been amended to recite that the tag controls one or more of the structure, appearance and dynamic behavior of the markup document. Support for these amendments can at least be found in paragraphs 5, 45 and 60 of the specification.

In that none of the cited references teach or suggest this feature, Applicants respectfully submit the claims are patentably distinguishable from the cited art. A Notice of Allowance is respectfully requested.

Should the Examiner believe any further action is necessary to place this application in better form for allowance, the Examiner is invited to contact Applicants' representative at the telephone number listed below.
